

Tohaco machine transporters with 2 axles

Machine transporters fitted with fully electronic airsuspension

For the regular user, who is looking for the highest reachable quality. Exceptionally comfortable, safe and with an entirely lowerable bed. No more ramps needed!

The airsuspension system is mounted completely underneath the vehicle. Equipped with an 18-bar quality compressor with air dryer, electronic operating system and automatic level control. Heavy duty 12V, 75Ah AGM battery. Easy to operate with push buttons mounted in the drawbar. Only works with fully connected 13-pin plug!

Available three different sizes and in two different weight classes, with a gross mass of 2700kg or 3500kg.

Specifications of the airsuspension system:

4 bellows

4 shock absorbers

Polyamide air hoses

Stainless steel couplings

Custom wiring harness

Only with fully connected 13-pin Jaeger plug

Air suspension system mounted under the trailer

12V, 75Ah AGM battery

2 height sensors

Electronic level control and driving height adjustment

Easy to control push buttons in the drawbar

Compressor 12V, 18bar with air dryer

Air tank 10 liter

ASCU (Air Suspension Control Unit)

Plug for external battery charger

Emergency valves

Mechanical lowering protection
